

Continental

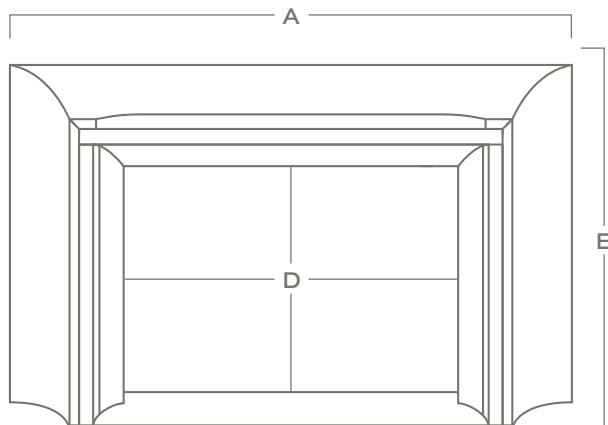

Edition No. 1-08

Continental is a meditation on the most basic and minimal form of a fireplace. It begins with the most simple, graceful boundaries, then scoops gently back into the warmth of the firebox. The mantel sits in perfect perpendicularity to the sides. And the integrated hearth completes the frame. Continental is a bold statement in any room. It is available in Tall as well as in standard height. Base stone, accent metal, and scale can be tailored to your vision and needs.

Patent pending.
