

Lawrence

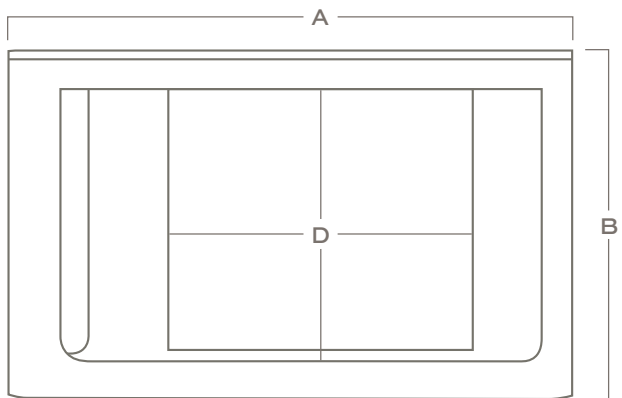

Edition No. 1-O4 Asymmetrical

Imagined as if carved directly from a quarried block, Lawrence celebrates stone in its purest expression. Subtle scoops and cuts define its geometry, creating a strong but restrained presence using negative space for dramatic expression. With symmetrical or asymmetrical configurations—wide or narrow legs—it channels a Brutalist sensibility while recalling the sculptural simplicity of industrial design in early modern transportation. When a room calls for a more dramatic expression, Lawrence also has a taller Alto option.

Patent pending.
